Getting Social

As we continue to grow the content of the Luminstruct website, it is important to keep our viewers up to date as we release **new content**. The easiest way to do this is by extending our reach through social media. With our **new Facebook page**, we can do just that!

This page allows us combine all of our content in **one location**, making it easier to view for our visitors. Spotlight Pins of the Week can be found in the pictures section as they are released, blog posts are placed in the newsfeed, and any new material can be announced as well! In addition, this allows our staff to **archive our achievements** and show how far we have come in such a short amount of time!

We hope you enjoy our content and don't forget "Like" our page to stay up to date with all of our content!
